

**Reference Number:** FOI/LHCH/2015150  
**From:** Other  
**Date:** 16 June 2015  
**Subject:** Electronic prescribing

Q1 What is your current Electronic Prescribing System

A1 [Allscripts Sunrise Clinical manager EPMA](#)

Q2 When was the Electronic Prescribing System implemented

A1 [June 2013](#)

Q3 What was the initial cost of the Electronic Prescribing System

A3 [Information not held - The EPMA is part of a full Electronic Patient Record \(EPR\), therefore EPMA costs are contained within that whole model of care package. We exercised a contract option following the purchase of Sunrise clinical Manager that incurred some additional implementation and licensing costs.](#)

Q4 What are the maintenance costs of the Electronic Prescribing System, please provide the monthly or annual supplier charges for maintenance.

Q4 [Information not held - This is part of a fully integrated EPR, separate costs not available.](#)

Q5 When does the contract for your Electronic Prescribing System expire

A5 [2017](#)

Q6 Do you have plans to procure an alternative Electronic Prescribing System

A6 [Not at this time](#)

Q7 If so, what is the name of the Electronic Prescribing System you plan to procure

A7 [Information not held – not applicable](#)

Q8 What is the manufacturer and model details for the medication / drug round trolleys that you use

Q8 [Manufacturers](#)  
[- RDP \(model The Mobile Cart\)](#)  
[- Ergatron \(model SV32-32055\)](#)

Q9 What is the manufacturer and model details for the ward round trolleys that you use

A9 [Parity Medical – Hygia Classic](#)  
[Ergotron - Styleview laptop cart](#)

- Q10 What computer hardware is used during medication / drug rounds to record the administration of medication
- A10 Laptop computer within mobile cart
- Q11 What computer hardware is used during ward rounds to record the prescribing of medication
- A11 Laptop computer within mobile cart
- Q12 Do you use e-learning to deliver Electronic Prescribing System training for users
- A12 No, classroom based training supported by hand out and training videos
- Q13 Have you had to replace any ward round or medication / drug round trolleys as a result of poor user experience
- A13 No
