

Reference Number: FOI/LHCH/2016121
From: Private Individual
Date: 25 April 2016
Subject: Telephone maintenance | contract

- Q The contract for telephone maintenance has recently expired (as per FOI/LHCH/2015174) can you provide the new details for this please or if this has just been rolled over.
- A There has been no change to this since our previous response to you on 03 August 2015 (Ref: FOI/LHCH/2015174).

There has been no change in that support is still provided via a rolling SLA with the Royal Liverpool & Broadgreen University Hospital.

Options for further joint working with the Royal or the commissioning of a dedicated infrastructure for LHCH are ongoing and we anticipate a business case will now be produced by the end of July 2016.
