Subject: Structured cabling

Q We're trying to ascertain if the NHS trust has an existing contract in place for existing structured cabling services, or if you instead use preferred suppliers?

Should you have an existing framework can I ask please when that is due to expire? And if you use preferred suppliers could I please ask who the best contact is to explore the opportunity to get on the list?

A Information not held - there is no contract in place for cabling services, work is allocated on an ad hoc basis.

The contact point for supplier enquires is Steven Doran, Head of Procurement (steve.doran@lhch.nhs.uk).
