A1-6 There has been no change to the current support provision since our previous response to you on [Jan 2017 \(Ref: FOI/LHCH/2017004\)](#).

There has been no change in that support is still provided via an SLA with the Royal Liverpool & Broadgreen University Hospital.

A business case for a dedicated infrastructure was agreed by the Trust in July 2016. The project is currently being progressed with implementation of a new network and telephony infrastructure now underway.

Following implementation, a fully managed support contract will be provided by a third party for a period of 3 years. The hardware brand will remain the same.
