

# World class expertise from the UK's largest heart & chest hospital

[www.lhch.nhs.uk/international](http://www.lhch.nhs.uk/international)

Serving 2.8m patients, Liverpool Heart & Chest Hospital is a longstanding leader in clinical excellence, innovation and patient experience. We pride ourselves on delivering some of the highest quality and most productive healthcare in the UK.

**We are the first specialist hospital in the UK to be awarded an Outstanding rating by the Care Quality Commission.**

As well as providing world class heart & chest care and clinical outcomes, we also have a strong research base, focussing on translating innovation into clinical practice.

Using the expertise of more than 80 leading consultants & professors and our 1600 staff, our recent innovations include:

- UK's first cardiac and thoracic robotic surgery programme.
- 80% interventional cardiology daycase rate and highly-productive cath lab/patient lounge model.
- 100% local anaesthetic, cath lab-based TAVI valve replacement, with median 3-day length of stay and no ITU stay.
- National UK aortic centre delivering some of the highest volumes and best in world outcomes for major aortic surgery, minimally invasive cardiac surgery and post heart-attack primary percutaneous catheter intervention.
- Largest off-pump coronary artery bypass surgery volumes.
- Virtual working via telemedicine provides remote care to cystic fibrosis patients, with expertise in patient segregation.
- Integrated community cardiovascular and respiratory services.
- Entirely digital patient record
- Modular BSc in Cardiothoracic Care degree programme.

### What we do

Liverpool Heart and Chest Hospital

We have a clear vision

"to be the best - leading outstanding heart and chest care and research"

We provide specialist services

Cardiothoracic surgery, cardiology, respiratory medicine including acute cystic fibrosis and diagnostic imaging, both in the hospital and out in the community.

We serve a catchment area of 2.8 million people

We provide services across

Merseyside, Cheshire, North Wales & the Isle of Man

...and beyond for other specialised services

We are the largest PCI centre in the UK

We are the largest implanting centre in the UK

for implantable cardioverter defibrillators (ICDs) and cardiac resynchronisation therapy (CRT)

We have the largest Lung Cancer Service in the region

We have one of the busiest Cardiac Surgery units in the country

100,000+ Outpatients visit our hospital clinics

13,000+ inpatient spells are carried out by our teams

...and we treat more than 3,500 surgical inpatients
