Subject: Rough sleeper numbers

Q1 Please can you tell me if the trust has found rough sleepers sleeping in any of its A&E departments or other areas of hospitals at any point over the last five years?

A1 Yes. Liverpool Heart and Chest Hospital is a specialist adult cardiothoracic centre. We do not provide A&E services, and do not have an A&E department, so all responses relate to other areas of the hospital.

Q2 If so, please tell me how many rough sleepers and on how many occasions for each year over the last five years.
