Subject: Electronic medical record system

Q1 Does your hospital trust utilise an electronic medical record system for recording and managing patient records?

A1 Yes

Q2 If your trust does use an electronic medical record system, which system is used and who supplies this software?

A2 Hospital records – Allscripts Gateway supplier Allscripts
Community Services records – EMISweb supplier EMIS Health

Q3 Does your hospital trust continue to use paper based records for recording and managing patient's case notes or are records exclusively managed by an electronic system?

A3 Hospital – Limited 'paper light' records are utilised e.g. consent forms
Community – Full implementation of electronic records in progress
