

Reference Number: FOI/2019/076
From: Press/Media
Date: 15 February 2019
Subject: Building Cladding

Please can you tell me –

Q1 If any of the trust's buildings have any type of cladding on the outside

A1 [We have 3 buildings with cladding.](#)

Q2 If so, how many buildings have cladding, how tall are the buildings with cladding and what type of cladding is it

A2 [2 x ACM and 1 x insulated cladding](#)

Q3 How many of the trust's buildings are of timber frame construction

A3 [None of the trust properties are of timber frame construction](#)

Note:

[The cladding on our main entrance is aluminium composite which has class O rating for fire spread. The cladding on our plant rooms is profile metal cladding and, again, has class O rating for fire spread. All have been confirmed by the original architects as safe and not of the same material as was questioned and used on tower blocks around the country.](#)
