

Reference Number: FOI/2020/032
From: Press/Media
Date: 27 January 2020
Subject: Fire protection last 5-years

- Q1
- a. Has any inspection of passive fire protection taken place in any of the Trust's hospitals during the past five years?
 - b. If so, did the passive fire protection pass or fail the inspection?

- A1
- a. Yes
 - b. Fail

- Q2
- a. Has any remedial work to passive fire protection in any of the Trust's hospitals taken place in the past 5 years?
 - b. If so, what was the cost of that work, and who paid for it?

- A2
- a. Yes
 - b. £82,694.78 inc VAT; cost to the Trust

- Q3
- a. Is any remedial work taking place now, or due to take place, on passive fire protection at any of the Trust's hospitals?
 - b. If so, what is the estimated cost of this remedial work, and who will pay for it?
 - c. And if so, will any of this remedial work be in clinical areas?

- A3
- a. Yes
 - b. £27,647.38 inc VAT; cost to the Trust
 - c. Yes

- Q4
- Has any review or inspection suggested that patients at your Trust might be at risk because of unsatisfactory passive fire protection?

- A4
- No
