

Board of Directors (in Public)

Item 2.2

Subject: Guardian of Safe Working Q3 Report 22/23
Date of Meeting: 7th February 2023
Presented by: Dr Raphael Perry, Medical Director
Purpose of Report: To Note

BAF Reference	Impact on BAF
BAF 1	Assurance that the Trust is compliant with exception reporting.

Level of assurance (please tick one) <i>To be used when the content of the report provides evidence of assurance</i>					
<input checked="" type="checkbox"/>	Acceptable assurance Controls are suitably designed, with evidence of them being consistently applied and effective in practice	<input type="checkbox"/>	Partial assurance Controls are still maturing – evidence shows that further action is required to improve their effectiveness	<input type="checkbox"/>	Low assurance Evidence indicates poor effectiveness of controls

1. Executive Summary

This is the 2022/23 Q3 report on safe working hours following introduction of the 2016 contract for Junior Doctors.

At present LHCH has 57 trainees on the new contract currently on rotation at the Trust. All rotas are compliant with the rules within the 2016 Contract.

2. Background

The purpose of this report is to review the working hours of doctors in training including exception reports, breaches of working hours, fines incurred and how these fines were levied.

Number of Doctors / Dentists in training (total):	57
Number of Doctors / Dentists in training on 2016 TCS (total):	57
Amount of time available in job plan for guardian to do the role:	0.25 PAs
Admin support provided to the guardian (if any):	To be reviewed
Amount of job-planned time for Educational Supervisors:	0.25 PAs per trainee

3. Main Body of Report

a) Exception Reports (regarding working hours)

There have been no exception reports in Q3. Only one exception has been received since August 2016.

b) Issues Arising

- Current gaps in Tier One rota for both Surgery and Cardiology are causing problems with on call cover due to sickness and LTFT.
- Trust Drs for surgery leaving the trust leaving empty slots. It takes time to recruit which is causing gaps in the rota.
- Issues with recruiting trust Drs outside of the UK due to visa delays.

c) Actions Taken

- Weekly reminders are sent every Monday morning to key stakeholders, including ICU, Anaesthetics, Cardiology, of any gaps in the rota for the upcoming 3 weeks to allow time to cover.
- When gaps arise, an email is sent to all Doctors to ask for support, either as a swap or paid time.
- New starters are allocated empty slots to bridge gaps and to ensure all shifts are covered.
- Go back to the candidate who was 2nd in line for the role as we have not long recruited for the same post. Cuts down on the time to advertise the post.

d) Junior Doctor Forum

Currently in the process of organising another forum with Dr Holemans. The DME usually attends this meeting however, due to a new appointment we are awaiting to book another meeting in.

e) GSW Comments

No exception reports received.

Possible industrial action: Junior doctors who are taking part in industrial action not rostered to work (during period of industrial action) or rostered for after hours work should not be pressurised to come in to cover. They are entitled to full pay. Junior doctors at work at the start of industrial action must not leave until safe hand over completed. They are entitled to exception report for any additional time required to complete safe hand over. No junior doctor should be left covering an unsafe number of patients. The Trust must ensure that staff levels during industrial action are safe which may mean curtailing activity and/or the onsite presence of seniors to support any junior not taking part in industrial action.

4. Recommendations

The Board of Directors are asked to note the report.
