Subject: UV disinfection technology to help prevent HCAI

Q1 Are any of your hospitals using UV disinfection technology to help prevent Healthcare-associated infection (HCAI)?

A1 Yes

Q2 If yes, which departments and areas within the hospital are using UV technology?

A2 It has been used predominantly in Critical Care but now is being used Trust wide

Q3 If yes, has it had a positive effect on reducing HCAI?

A3 Information not held - all data has not been analysed as yet
