

Reference Number: FOI2021/039
From: Press/Media
Date: 04 February 2021
Subject: Covid 19 deaths in patients who were negative on admission

Q1 Please could I have the details of the number of hospital patients who tested positive for Covid-19 after initially testing negative between November 30 2020 and 31 January 2021.

A1 29 patients tested positive for COVID 19 with us after a negative screen

Q2 The number of these patients who subsequently died

A2 One patient of the 29 subsequently died.

Q3 If available, please could I have details of the date of admission, the reason for their initial hospital admission e.g. fractured bone, chest infection, the date of the positive test and the date of their death

A3 Information exempted under Section 40: Personal data. Providing this information would likely identify individuals involved.
