Subject: Partnership between Novartis and ANSN. Data sharing agreement, Automated Lipid MDT info and committee membership details.

This is a follow up request from FOI202324/040

- Q1 Please can you supply the data sharing agreement between Deontics, Soar Beyond, Interface Clinical Solutions, and yourselves/Novartis.
- A1 Information not held - Innovation Agency has no involvement with project management of the Interface Clinical Solutions Workforce Support initiative. Contracting and project implementation are managed directly between Interface Clinical Solutions and individual PCNs/Practices.
- Q2 Please can you supply a copy of the Automated Lipid MDT which produced the Tech enabled lipid management clinics protocol, ie we wish to understand the clinical decision making which was provided by these organisations.
- A2 Information not held - Innovation Agency has no involvement with project management of the Interface Clinical Solutions Workforce Support initiative. Contracting and project implementation are managed directly between Interface Clinical Solutions and individual PCNs/Practices.
- Q3 The documentation says that case studies may be organised via FCB health etc. Were any companies used to provide case studies/marketing material as a result?
- A3 Information not held - Innovation Agency has no involvement with project management of the Interface Clinical Solutions Workforce Support initiative. Contracting and project implementation are managed directly between Interface Clinical Solutions and individual PCNs/Practices.
- Q4 Can you please tell me the membership of
- Strategic Oversight Group (SOG)
 - Joint Steering Committee (JSC)
 - AHSN CVD Programme Board (TBC)
 - Clinical Leadership Group (under review with the intention of forming a joint group with CPU) and if these included any Novartis employees.
- A4 Information not held - These are not Innovation Agency meetings – this information would need to be requested from AHSN Network / NHS England
