Subject: High Tech homecare and medicine services

Q1 How many patients are currently registered with your Trust who are receiving or are set to receive high-tech* homecare medicines and services?

Please provide this broken down by the treatment they are receiving or are set to receive.

*With high-tech defined as in the [2011 Mark Hackett report](#). That is:

- Injectable therapy, e.g. intravenous, subcutaneous or intramuscular route
- Compounded prescription medicines whether administered by the patient or a Healthcare Professional
- Oral therapies that require significant support such as blood level monitoring or special storage requirements

A1 [Information not held – we do not use high-tech homecare medicines and services](#)
