Subject: "Social Listening" List

Q1 Please can you tell me if the trust operates a "social listening" list and if so, please provide the names that are included on the list. If relevant, please can you also state when the list was created.

For the avoidance of doubt if you do not use the term "social listening" I'm referring to a list of individuals whose social media posts the trust monitors. If relevant, please can you also state when the list was created.

A1 [We do not operate a Social Listening list.](#)
