Subject: External Well Lead Review

Q1 I would like to put in place a freedom of information request to this Trust regarding your last external well led review. Could you tell me when it happened (MM/YY), who was commissioned to undertake it, and finally what was the cost of it?

A1 The latest well led review was undertaken by CQC in April 2019 and has been published both on LHCH website and CQC website – we do not pay specifically for this although we do pay an annual fee to CQC which covers their inspection work.

Trusts are recommended to undertake a well led review of Board governance every three years but we haven't commissioned one in last three years because we did not feel this represented best value for taxpayer's money – there is a disclosure in our annual report around this.
