- h. Information exempt under s31 – law enforcement, specifically section 31 (1) (a) relating to the prevention and detection of crime.

We have assessed the public interest in disclosure and believe the only factor for release would be openness and transparency, however the factors against release clearly outweigh this as release of the information would place the Trusts information systems and other related assets at risk of attack from hackers if released into the public domain. This would have a major impact on the Trusts ability to maintain confidentiality, integrity and availability of systems and information and would severely disrupt services to our patients and would have a substantial impact on the Trusts reputation therefore causing financial loss and would damage the Trusts commercial interests.

Q2 Please state the expiry date for the trust's contracts with the suppliers referred to above for the systems in question.
