Subject: End of life payments

Q1 The percentage of patients who have died on the Trust's end-of-life care plan against the Trust's target for the number of patients who should die on this plan over the last three years, divided by the year.

- e.g. Between 1 January 2016 and 31 December 2016, 43 per cent of patients died on the plan against a target of 35 per cent.
- Note: If no such target exists, please make this clear.

A1 Information not held - there was no target for the numbers of patients who were supported by an individualised care plan between 1 January 2016 and 31 December 2016 and there was no CQUIN payment.

Q2 The amount received by the Trust, via the Commissioning for Quality and Innovation (CQUIN) system or similar, for hitting targets related to its end-of-life care plan for the last three years, divided by the year.

- e.g. Between 1 January 2016 and 31 December 2016, the Trust received £X via CQUIN for achieving goals involving its ICP.
- Note: If no such payments were made, please make this clear.

A2 Information not held – as per above
