Q1 Further to the FOI response (2019/117), do you have any further information regarding the update of the formulary for Liverpool Heart and Chest NHS Foundation Trust?

A1 There is a full formulary update underway, to be completed over the next few months. The main areas being cardiology and respiratory.

Each year, in the D&T annual report, we make sure any relevant NICE TAs released in the previous 12months are included

Any new drug introduced onto LHCH formulary, with impact on primary care, always aligns to Pan Mersey regional formulary
