Subject: Number of staff physically attacked and amount stolen of handsanitiser during Coronavirus Pandemic

Q1 The number of staff working at the {Public Authority} who have been physically attacked while or after doing their job during the Coronavirus pandemic. This should be from the 1 April to the date of your reply. If possible, this dataset should also disclose the job of the person in question who was attacked. If any more information which you feel is relevant to the attack is available, it would be great if that could be disclosed in the dataset as well.

A1 [Please see attached document: 2020271 Response.](#)

Q2 The amount of hand sanitiser which has been stolen from your authority in the same time period. Again, this should be divided into the month when these thefts were recorded.

A2 [Zero](#)
