From: Press/Media
Date: 08 December 2022
Subject: Details of major and critical incidents from the last 5 years

This request is in regard to acute trust data, and we would like data from the last 5 years from today, the 08/12/22.

Q1 We want to request the data for hospital trust wide major incidents and critical incidents at the hospital level, the reason for the incident, the level of response to the incident, and the date it was declared and then withdrawn.

A1 Information not held – no major incidents declared

Q2 We would also like to request the OPEL level at the hospital level for the last 5 years including the level, duration of level (start and end date) and the reason for the level.

A2 Information not held - the Trust does not routinely collate or hold this information centrally as part of its management or performance data.
