

Reference Number: FOI/2020/343
From: Private Individual
Date: 04 December 2020
Subject: Number of Covid-19 cases between Feb-Nov 2020

Q1 Number of Covid 19 patients treated?

A1 Information not held – the Trust does not routinely collate or hold this information centrally as part of its management or performance data.

Q2 Number of Covid 19 patients who died due to Covid 19?

A2 Information not held – the Trust does not routinely collate or hold this information centrally as part of its management or performance data. We can say if the patients died within 28 days of testing positive, we do not have the information if they died “due to” Covid-19.

Q3 Number of patients who died with Covid 19 but death was likely due to other causes?

A3 Information not held – the Trust does not routinely collate or hold this information centrally as part of its management or performance data. We can say if the patients died within 28 days of testing positive, we do not have the information if they died “due to” Covid-19

Q4 Number of patients who survived Covid 19?

A4 Information not held – the Trust does not routinely collate or hold this information centrally as part of its management or performance data.

Q5 I would also like to know the current number of patients being treated for Covid 19?

A5 Information not held – the Trust does not routinely collate or hold this information centrally as part of its management or performance data.
