Subject: Spend data for various single use catering items for the 2019 - 2020 financial year

Q1 I would be grateful if you could provide spend data for FY 2019 - 2020 for the whole trust for the following items: plastic cups, paper cups, Styrofoam cups, plastic forks, knives, spoons, plastic teaspoons, plastic straws, plastic stirrers, wood stirrers, disposable plates, disposable bowls, and any other single use catering items.

Quantity used and amount spent for each item if available, or if not for individual items, then overall amount spent would be useful as well.
