

Reference Number: FOI2021/485
From: Other
Date: 28 February 2022
Subject: IT devices and plans for replenishment

Q Can you please list the number of devices deployed by your organisation for the following?
1

A
1

DEVICE TYPE	NUMBER OF DEVICES
Desktop PCs and Laptops	2500
Mobile Phones (Smartphones, PDAs handheld devices)	120 Smart Phones, 12 PDA's
Printers	80 MFD's, 10 laser printers and 15 wristband printers
Tablets	140
Servers	263
Storage Devices	Information not held – a definitive summary of data storage devices in not available however the Trust has 2500 laptops and desktops in use, all with either SSD or HD storage
Networking Infrastructure (E.g., Switches, Routers, etc)	95
Security Infrastructure	For CCTV - Cloud based. No on-site centralised video storage. For Firewalls, Intrusion Detection Systems and Virus Monitoring tools etc – Information exempt under Section 31: Law Enforcement. Please see below.

In relation to security infrastructure, the Trust believes the only factor for release would be openness and transparency, however the factors against release clearly outweigh this as release of the information would place the Trust's information systems and other related assets at risk of attack from hackers if released into the public domain. This would have a major impact on the Trust's ability to maintain confidentiality, integrity and availability of systems and information and would severely disrupt services to our patients and would have a substantial impact on the Trust's reputation therefore causing financial loss and would damage the Trust's commercial interests.

Q Does your organisation have any plans for refreshing or replacing the above devices, if so,
2 can you please provide the indicative or projected expenditure in the below format?

A
2

REPLACE/REFRESH PROGRAMME:			
IT OR ICT HARDWARE	EXPENDITURE		
	2022/23	2023/24	2024/25

Desktop PCs and Laptops	£375,000	£375,000	£375,000
