Q1 I have noticed that some of your trust's RIS clinical system will expire in January 2020. Please see below.

System Type	Cardiology
Supplier name	Philips
System name	Xcelera
Version	
Date installed	01/02/2015
No of licenses	Site wide
No of peak time concurrent users	Unknown
Contract expiration	31/01/2020
Annually renewed contract	

May I ask if the system above has a new contract expiration date and are they annually renewed?

What is the current contract expiration date?

Please let me know if they are still in use and if not, what supplier systems have replaced them.

A1 A new contract is in the process of finalisation, the contract is for 3-years with option to extend to 10-years. Expiration date is March 2023.
