Subject: UHA Guidance

Q1 I am looking to find out how many organisations are compliant with the UHA guidance which states that clinical academics should comprise of

'A minimum of 6% of the consultant workforce with substantive contracts of employment with the university'

Could I ask that you therefore send me the number of substantive consultants within your Trust / the number of clinical academics / what this equates to as a percentage.

Clarification: The percentage of Clinical Academics in terms of the total number of Substantive Consultants and not the wider work force of the Trust.

A1 Number of Substantive Consultants: 101

Number of Clinical Academics: 4 in total (2 full time, 2 part time)

Percentage of Clinical Academics in terms of the total number of Substantive Consultants: 3.96%
