Subject: Chest Drapes

Q1 I would like a usage report for the current financial year so far (or last financial year if this is unavailable), including the following information, if possible.

1. Drape code
2. Description
3. Manufacturer name
4. quantity usage
5. total spend for each drape.

A1 In response to your request, please see the attached inventory relating to points 1-4.

Point 5 - Information exempt under Section 43 - Due to the potential damage to commercial interests of the current suppliers as release of this information and any other unique pricing likely to be requested for disclosure would allow other competitors a significant competitive advantage and thus harm the commercial interests of our current suppliers. We have however provided a total spend for the year, please see attached inventory.
