Subject: Number of patients who have died whilst on NHS waiting lists

Q1 The number of patients who have died while on your NHS waiting list and therefore have been removed from that list due to their death or status as being deceased.

I would like this complete data broken down into the years 2018, 2019, 2020, 2021, 2022 and the year 2023 to date (December).

If possible, I would also like a breakdown of age for every patient who died while on your NHS waiting list please.

Age Range	2018	2019	2020	2021	2022	2023
Below 40	4	4	14	11	10	16
