Subject: Las Vegas Cloudworld event 2023

Q1 In September 2023, staff from a number of NHS organisations attended an event held in Las Vegas called 'Cloudworld' organised by the company Oracle.

The full title was 'Oracle Cloudworld 2023'.

The dates of this event were: September 18, 2023 - September 21, 2023.

My request is as follows:

- Did any staff members from your organisation attend this event?
- If so, how many attended and what were their job titles?
- Again, if members of your staff attended this event, what was the total cost to your organisation of their participation (for example, payments for flights, hotels, food)?

A1 No Liverpool Heart and Chest Hospital NHS Foundation Trust staff attended this event.
