Subject: ICD10 first diagnosis discharge codes and cases per hospital

I am making a Freedom of Information Request for ICD10 first diagnosis discharge codes and cases per hospital in your health authority, and I hope you can help me with obtaining the following data. Any information must be totally anonymised; however I am requesting the name or the postcode of each hospital as it pertains to the data set.

Q1 The first set comprises diagnostic data. There are three columns:

OPCS4: Primary diagnosis ICD-10 4 digit: Number of cases

The other data set deals with procedures/surgery. It has a similar structure:

OPCS4: Primary procedure OPCS-4 digit: Number of cases

The ICD 10 data comprises the range A000 to Q999.

It would be good to obtain the data for the last five years, i.e. 2018-19, 2019-20, 2020-21, 2021-22, 2022-23.
