Subject:	Use of artificial intelligence (AI) software or applications currently in use, either for research purposes or routine operations

I am writing to submit a Freedom of Information (FOI) request regarding the use of artificial intelligence (AI). Specifically, I am seeking information on any AI-based software or applications currently in use, either for research purposes or routine operations. This information is to contribute to my PhD thesis about implementing AI into the NHS and may be used in publications but no trust identifiable data regarding AI usage will be published.

Q1   Is your NHS organisation currently using any software/apps that include artificial intelligence (AI)

A1   Yes

Q2   Please provide a list of any AI-based software that is currently in use within your organisation. Please include the brand name of the software and the name of the company that sells it.

A2   Veye Analysis
      HeartFlow

Q3   For each of the AI-based software products currently in use, please state whether:
      a. it is only being used within the context of a research study or pilot project **OR**
      b. is has been purchased/commissioned by your organisation for routine use.

A3   Both are routine use
