

Reference Number: FOI202425/384
From: Private Individual
Date: 25 November 2024
Subject: Gas and Electricity contracts and Energy Management Systems

You may have received the same request in the past and this information sent has now expired and I require an update as soon as possible for the information below

I am writing to submit a Freedom of Information (FOI) request regarding information related to the organisation's gas and electricity contracts, as well as details on the energy management system.

Energy Management System Contract(s) - Contract(s) relating to the organisation's energy management system. An energy management system (EMS) is a system of computer-aided tools used by operators of electric utility grids to monitor, control, and optimise the performance of the generation or transmission system.

If the organisation does not have an Energy Management System, please confirm when this will be implemented. It would be great if you mention the tentative date/month.
