

Reference Number: FOI202425/520
From: Private Individual
Date: 17 February 2025
Subject: health conditions relating to nicotine pouches

Q1 Any data on hospital admissions, A&E visits, or GP consultations where nicotine pouches were recorded as a contributing factor, for 2023, 2024, and 2025.

Please disaggregate this data by:

- **Type of admission (eg A&E visit, hospital admission or GP consultation)**
- **Year**
- **Age of patient (either under 18 or over 18)**
- **Health condition related to nicotine pouch use**

A1 Information not held – the Trust does not routinely collate or hold this information centrally as part of its management or performance data.

There were no codes in the ICD 10 Clinical Coding Classification to identify specifically nicotine pouches and their use.

Q2 Any data on patients with recorded dental or oral health conditions linked to nicotine pouch use within your Trust's dental services, for 2023, 2024 and 2025.

Please disaggregate this data by:

- **Year**
- **Age of patient (either under 18 or over 18)**
- **Type of oral health condition**

A2 Not applicable as per A1
