

Reference Number: FOI202526/093
From: Commercial
Date: 03 June 2025
Subject: Number of CABGs performed by the trust

Please provide data for the following areas for a 12 month period:

Q1 Number of CABGs performed by the trust

A1 1,065

Q2 Average length of stay following CABG including average cost to the trust (including all associated costs)

A2 Average length of stay 14.5 days
Average cost £14,762

Q3 Number of CABGs that result in a redo operation due to poor bone healing following surgery (including sternal dehiscence)

A3 Information not held – the Trust does not routinely collate or hold this information centrally as part of its management or performance data. We do not categorise the reason for redo operations in this way. The time taken to collate the information would exceed 18 hours and the appropriate fees limit. In order to comply we would need to individually validate the records.

Q4 Average cost of a sternal redo operation following CABG (include all associated costs)

A4 Information not held – as per A4
